

Richelieu ERGO

The only arm in its class that fully complies to **ANSI/HFES, 100-2007** standards.

Ultra Momentum

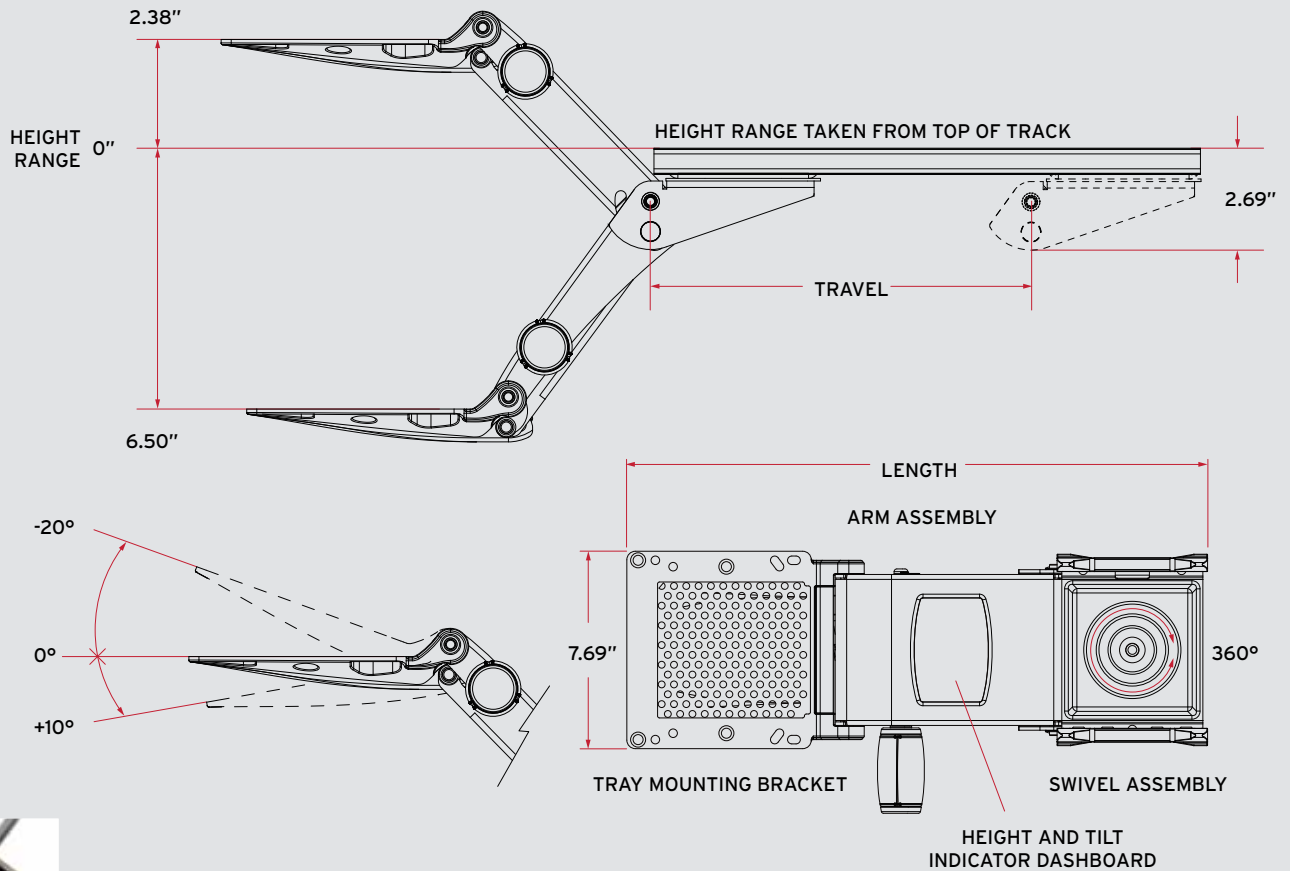

The new Ultra Momentum arm is the future of keyboard arms. With a sleek design and a low, slim profile, the Ultra Momentum arm provides maximum adaptability in the modern workplace. Richelieu ERGO has designed this arm to offer the same great range of motion, strength and maximum comfort for the end user as our other arms, but with a new lower profile. The new Ultra Momentum is also the only keyboard arm to be HFES compliant.

Features

- ANSI/HFES, 100-2007 and ANSI/BIFMA G1-2002 compliant
- Ergonomic, low profile arm and tray head give the arm a sleek, thin design to save space under desk
- 8.88" adjustment range with 2.38" above the track and 6.5" below
- ADA Compliant tilt and height adjustment controls
- Height and tilt indicator incorporated together in an intelligently designed dashboard
- Easy access to tilt control knob
- Concealed hardware and braking mechanism and integrated cable management
- Customized pad print labeling options available
- Designed for disassembly & fully recyclable
- Manufactured in North America

Benefits

- Meets the adjustment guidelines for the 5th percentile female, seated to the 95th percentile male, seated and conforms with operator clearance for knee space requirements
- Provides maximum leg room and comfort to the end user, as well as a unique aesthetic
- Greater range of motion provides more flexibility for the end user, meeting all HFES referenced seated postures
- Safer and more comfortable for the end user
- Simple visual gauge for both height and tilt make it easy to adjust for a personal fit
- Greater access for easier adjustments
- Allows for less obstructions below the desk and keeps desk areas neat
- Multiple options available to create a unique brand
- Environmentally friendly product
- TAA Compliant for GSA

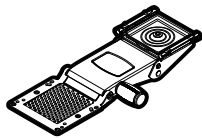

Concealed hardware and braking mechanism, along with an integrated cable manager, allows for less obstructions below the desk.

50074382190 Ultra Momentum Arm
